Notice of Motion:

**THAT THE CITY OF WELLAND OF THE CITY OF WELLAND rescinds the report CS-2023-01 of January 17, 2023 seeing what is currently in the works totally contradicts the CPTED report and also the GARDAWORLD SECURITY City of Welland Site Assessments report that we received earlier tonight; and**

**THAT Welland City Council reallocates the ATF funds that we received to areas brought to council just recently that asked the taxpayer for additional funding to the tune of approximately \$677,000 to install pathways that other area residents have been requesting for since the inception of this plan in 2022; and further**

**THAT the work in the areas that are currently being done be halted immediately, regrated and reseeded so that the affected residents who have cared for these properties some for 48 + yrs can continue to do so seeing how the majority of time our city heavy equipment cannot access due to the wetness of the grounds.
